

The Asia-Pacific HIV Community Summit in Tokyo 2025

HIV Responses in an Era of Transition
– Community-led Pathways: Challenges and Strategies –

June 14, 2025 (Sat)
14:30-17:10 (JST)

Free of charge
Pre-registration required
Capacity: 200 participants

Tokyo International Exchange Center, Plaza Heisei
(Hybrid: On-site and Zoom Webinar)

This summit brings together community organizations and researchers from across the Asia-Pacific region to share country-specific experiences, challenges, and innovative practices and to discuss strategies to develop sustainable and resilient community-led HIV responses in a rapidly changing global environment.

Program Highlights

*Simultaneous English-Japanese interpretation will be provided.

- Opening Remarks: Representatives from UNAIDS and amfAR
- Session 1 Community-Led HIV Responses in a Changing Global Context
Ms. Rachel Ong (Global Fund Advocates Network Asia-Pacific, Singapore)
Mr. Justin Koonin (ACON, Australia)
Ms. Ikka Noviyanti (Seven Alliance, Indonesia)
- Session 2 Rethinking Community Alliances for the Future of HIV Response
Mr. Doan Thanh Tung (The Lighthouse Social Enterprise, Vietnam)
Dr. Nittaya Phanuphak (The Institute of HIV Research and Innovation, Thailand)
Mr. Kota Iwahashi (Community-center akta, Japan)

*Each session has a 30-min roundtable discussion with session speakers and in-person attendees.
